AUTHOR INDEX.

Abrams, D. A.
Discussion, 103, 283, 331, 392.

Allen, L. H.
Cost Accounting for the Contractor, 119.
Discussion, 288.

Anderson, W. P.
Discussion, 237.
Recent Tendencies in Industrial Building Construction, 143.

Ashton, E.
Discussion, 106, 117, 237, 396.

Boyer, E. D.
Discussion, 272.

Brown, H. W.
Discussion, 118.

Chapman, C. M.
Discussion, 118, 273, 392.

Clark, C. R. and W. A. Slater.
Test of a Flat Concrete Tile Dome Reinforced Circumferentially, 61.

Cobb, L. R.
Comments on Reinforced-Concrete Footings for Chimneys, 334.
Discussion, 341.

Cohen, A. B.
Discussion, 163.

Collings, W. A.
Discussion, 163, 272.

Condron, T. L.
Discussion, 407.

Conzelman, J. E.
Discussion, 44.
Unit Construction in Concrete, 148.

Crane, C. A.
Relation between Engineers and Contractors, 130.

Davis, H. H.
Discussion, 274, 366.

Emley, W. E.
Discussion, 234.

Freeman J. E.,
Report of Committee on Sidewalks and Floors, 350.

Ferguson—
Discussion, 283.

Goldbeck, A. T.
Friction Tests of Concrete on Various Sub-bases, 239.
The Influence of Total Width on the Effective Width of Reinforced-Concrete Slabs Subjected to Central Concentrated Loading, 78.

Gow, C. R.
History and Present Status of the Concrete Pile Industry, 174.

Hatt, W. K.
Instruction in Reinforced-Concrete Construction, 284.
Discussion, 103, 104, 105, 106, 163, 396, 397, 408.

Havlik, R. E.
Report of Committee on Building Block and Cement Products, 386.

Higgins, A. G.
Ornamental Products, 275.

Hines, E. N.
Discussion, 260.

Horner, W. W.
Report of Committee on Concrete Sewers, 370.

Hough, N. G.
Discussion, 235.

Humphrey, R. L.
Discussion, 98, 117, 163, 397.

Johnson, A. N.
Condition of the Wayne County Concrete Roads, 246.
Report of Committee on Concrete Roads and Pavements, 394.

Kinney, W. M.
Discussion, 260.
Some Recent Developments in the Construction of Concrete Roads, 255.

Latta, H. W.
Report of Committee on Reinforced-Concrete Chimneys, 332.

Lord, A. R.
Discussion, 340, 401.
Extensometer Measurements in a Reinforced-Concrete Building over a Period of One Year, 45.

Lowell, J. W.
Discussion, 340, 341.

MacDaniel, A. B.
Report of Committee on Nomenclature, 342.

McCullough, C. B.
Report of the Committee on Reinforced-Concrete Highway Bridges and Culverts, 300.

McCullough, E.
Building Codes for Small Towns, 164.
Report of Committee on Reinforced-Concrete Highway Bridges and Culverts, 300.

McMillan, F. R.
Discussion, 104, 105, 106, 341.

Mensch, L. J.
Discussion, 44.
Tests of Concrete Columns with Cast Iron Core, 22.

Meyer, B. A.
Discussion, 272.

Moore, E. J.
Discussion, 401.
Report of Committee on Reinforced-Concrete and Building Laws, 399.

Nagy, B.
Discussion, 283.

Orr, J. B.
Artistic Stucco, 262.
Discussion, 272, 273, 274.

Sampson, G. A.
Report of Committee on Reinforced-Concrete Standpipe, 298.

Scofield, H. H. and M. J. Stinchfield.
Discussion, 238.
Results of Some Preliminary Tests on the Effect of Hydrated Lime on Mortars and Concrete, 219.

Sewell, J. S.
Report of Committee on Fireproofing, 299.

Shainwald, R. L.
Discussion, 273, 283.

Slater, W. A. and Clark, C. R.
Test of a Flat Concrete Tile Dome Reinforced Circumferentially, 61.

Smith, E. B.
Discussion, 103.
Flow of Concrete under Sustained Loads, 99.

Steinle, J. G.
Discussion, 98.
Field Tests of Concrete for the New York Subways, 89.

Stinchfield, M. J. and H. H. Scofield.
Discussion, 238.
Results of some Preliminary Tests on the Effect of Hydrated Lime on Mortars and Concrete, 219.

Talbot, A. N.
Discussion, 404.

Tamm, A. P.
Concrete Roofing Tile, 279.

Thompson, S. E.
Discussion, 44, 117, 118.
Report of Committee on Concrete Aggregates, 313.
Slag as a Concrete Aggregate, 107.

Tubesing, W. F.
Discussion, 128.

Turner, H. C.
Discussion, 128.

Tuttle, M. C.
Does Concrete Construction Reduce Vibration? 157.

Ulrich, W. L.
Maintenance of Concrete Roads in Connecticut, 251.

Vickers, S. J.
Treatment of Concrete Ornamental Elevated Stations, Dual System of Rapid Transit, New York City, 173.

Walker, F. R.
Discussion, 125.

Wason, L. C.
Discussion, 273.

White, L.
An Example of the Use of Molded Concrete in Landscape Architecture, 289.

Wight, F. C.
Discussion, 44.

Woodworth, C. P.
Chimney Design, 337.

Woolson, Ira H.
Discussion, 392.

SUBJECT INDEX.

Aggregates.

Slag as a Concrete Aggregate. S. E. Thompson, 107.

Report of Committee on Concrete Aggregates. S. E. Thompson, Chairman, 313.

Artificial Stone.

Specifications and Building Regulations for Architectural Stone, Building Blocks and Brick, 464.

Board of Direction.

Abstract of Minutes of Meetings, 573.

Annual Report, 567.

Bridges.

The Influence of Total Width on the Effective Width of Reinforced-Concrete Slabs Subjected to Central Concentrated Loading. A. T. Goldbeck, 78.

Report of Committee on Reinforced-Concrete Highway Bridges and Culverts. C. B. McCullough, Chairman, 300.

Buildings.

Building Codes for Small Towns. E. McCullough, 164.

Does Concrete Construction Reduce Vibration? M. C. Tuttle, 157.

Extensometer Measurements in a Reinforced-Concrete Building over a Period of One Year. A. R. Lord, 45.

Proposed Standard Building Regulations for the Use of Reinforced Concrete, 410.

Recent Tendencies in Industrial Building Construction. W. P. Anderson, 143.

Report of Committee on Building Blocks and Cement Products. R. F. Havlik, Chairman, 386.

Report of the Committee on Reinforced-Concrete and Building Laws. E. J. Moore, Chairman, 399.

Report of the Joint Committee on Concrete and Reinforced-Concrete, 509,

Unit Construction in Concrete. J. E. Conzelman, 148.

Cement.

Standard Specifications on Cement, 472.

Chimneys.

Comments on Reinforced Concrete Footings for Chimneys. L. R. Cobb, 334.

Chimney Design. C. P. Woodworth, 337.

Report of the Committee on Reinforced-Concrete Chimneys. H. W. Latta, Chairman, 332.

Columns.

Tests of Concrete Columns with Cast-Iron Core. L. J. Mensch, 22.

Committee.

Report of Committee on Building Block and Cement Products. R. F. Havlik, Chairman, 386.

Report of Committee on Concrete Aggregates. S. E. Thompson, Chairman, 313.

Report of Committee on Concrete Roads and Pavements. A. N. Johnson, Chairman, 394.

Report of Committee on Concrete Sewers. W. W. Horner, Chairman, 370.

Report of Committee on Fireproofing. J. S. Sewall, Chairman, 299.

Report of Committee on Nomenclature. A. B. McDaniel, Chairman, 342.

Report of Committee on Reinforced-Concrete and Building Laws. E. J. Moore, Chairman, 399.

Report of Committee on Reinforced-Concrete Chimneys. H. W. Latta, Chairman, 332.

Report of Committee on Reinforced-Concrete Highway Bridges and Culverts. C. B. McCullough, Chairman, 300.

Report of Committee on Reinforced-Concrete Standpipes. G. A. Sampson, Chairman, 298.

Report of Committee on Sidewalks and Floors. J. E. Freeman, Chairman, 350.

Concrete.

Does Concrete Construction Reduce Vibration? M. C. Tuttle, 157.

Field Tests of Concrete for the New York Subways. J. G. Steinle, 89.

Flow of Concrete Under Sustained Loads. E. B. Smith, 99.

Friction Tests of Concrete on Various Sub-Bases. A. T. Goldbeck, 239.

Instruction in Reinforced-Concrete Construction. W. K. Hatt, 284.

Ornamental Products. A. G. Higgins, 275.

Report of Committee on Concrete Aggregates. S. E. Thompson, Chairman, 313.

Report of the Committee on Concrete and Reinforced-Concrete. E. J. Moore, Chairman, 399.

Report of the Joint Committee on Concrete and Reinforced-Concrete, 509.

Results of Some Preliminary Tests on the Effect or Hydrated Lime on Mortars and Concrete. H. H. Scofield and M. J. Stinchfield, 219.

Slag as a Concrete Aggregate. S. E. Thompson, 107.

Treatment of Concrete Ornamental Stations, Dual System of Rapid Transit, New York City. S. J. Vickers, 173.

Contracting.
Cost Accounting for the Contractor. L. H. Allen, 119.
The Relation between Engineers and Contractors. C. A. Crane, 130.

Costs.
Cost Accounting for the Contractor. L. A. Allen, 119.

Culverts.
See Bridges.

Domes.
Test of a Flat Concrete Tile Dome Reinforced Circumferentially. W. A. Slater and C. R. Clark, 61.

Drain Tile.
Standard Specifications, 492.

Education.
Instruction in Engineering Education. W. K. Hatt, 284.

Engineers.
The Relation between Engineers and Contractors. C. A. Crane, 130.

Fence Posts.
Specifications for Reinforced Concrete Fence Posts, 468.

Fireproofing.
Report of Committee on Fireproofing. J. S. Sewall, Chairman, 299.

Flat Slabs.
Extensometer Measurements in a Reinforced-Concrete Building for the Period of One Year. A. B. Lord, 45.
Report of the Committee on Reinforced Concrete and Building Laws, 399.
Report of the Joint Committee on Concrete and Reinforced Concrete, 509.

Floors.
Report of Committee on Sidewalks and Floors. J. E. Freeman, Chairman, 358.

Hydrated Lime.
Results of Some Preliminary Tests on the Effect of Hydrated Lime on Mortars and Concrete. H. H. Scofield and M. J. Stinchfield, 219.

Nomenclature.
Report of the Committee on Nomenclature. A. B. McDaniel, Chairman, 342.

Ornamental Concrete.
An Example of the Use of Molded Concrete in Landscape Architecture. Linn White, 289.
Artistic Stucco. J. B. Orr, 262.
Ornamental Products. A. G. Higgins, 275.
Report of Committee on Building Blocks and Cement Products. R. F. Havlik, 386.
Treatment of Ornamental Concrete Elevated Stations, Dual System of Rapid Transit, New York City. J. J. Vickers, 173.

Pavements.
See Roads and Pavements.

Piles.
Concrete Piles. C. R. Gow, 174.

Proceedings.
Summary of Proceedings of Thirteenth Annual Convention, 15.

Roofing.
Manufacture and Sale of Concrete Roofing Tile. A. P. Tamm, 279.

Reinforced Concrete.
See Concrete.

Roads and Pavements.
The Condition of the Wayne County Concrete Roads. A. N. Johnson, 246.
Friction Tests of Concrete on Various Sub-bases. A. T. Goldbeck, 239.
Maintenance of Concrete Roads in Connecticut. W. L. Ulrich, 251.
Report of the Committee on Concrete Roads and Pavements. A. N. Johnson, Chairman, 394.
Some Recent Developments in the Construction of Concrete Roads. W. M. Kinney, 255.
Specification for One-Course Concrete Highway, 424.
Specification for One-Course Concrete Street Pavement, 432.
Specification for Two-Course Concrete Street Pavement, 440.
Specification for One-Course Concrete Alley Pavement, 449.
Specification for Concrete Pavement between Street Car Tracks, 457.

Sewers.
Proposed Standard Specifications for Monolithic Concrete Sewer and Recommended Rules for Concrete Sewer Design, 371.
Report of Committee on Concrete Sewers. W. W. Horner, Chairman, 370.

Sidewalks.
Report of Committee on Sidewalks and Floors. J. E. Freeman, Chairman, 350.

Slag.

Slag as a Concrete Aggregate. S. E. Thompson, 107.

Specifications.

Proposed Revised Specifications for Concrete Sidewalks, 351.
Proposed Revised Specifications for Concrete Floors, 358.
Proposed Standard Specifications for Monolithic Concrete Sewers, 371.
Standard Specifications:
No. 1. Cement, 471.
No. 5. One-Course Concrete Highway, 424.
No. 9. Drain Tile, 492.
No. 10. Concrete Architectural Stone, Building Blocks and Brick, 464.
No. 17. One-Course Concrete Street Pavement, 432.
No. 18. Two-Course Concrete Street Pavement, 440.
No. 19. One-Course Concrete Alley Pavement, 449.
No. 20. Concrete Pavement between Street Car Tracks, 457.
No. 21. Reinforced-Concrete Fence Posts, 468.

Standpipes.

Report of Committee on Reinforced-Concrete Standpipes. G. A. Sampson, Chairman, 298.

Stucco.

Artistic Stucco. J. B. Orr, 262.

Subways.

Field Tests of Concrete for the New York Subways. J. G. Steinle, 89.

Tests.

Influence of Total Width on the Effective Width of Reinforced-Concrete Slabs Subjected to Central Concentrated Loading. A. T. Goldbeck, 78.
Extensometer Measurements in a Reinforced-Concrete Building over a Period of One Year. A. R. Lord, 45.
Field Tests of Concrete for the New York Subways. J. G. Steinle, 89.
Flow of Concrete under Sustained Loads. E. B. Smith, 99.
Friction Tests of Concrete on Various Sub-bases. A. T. Goldbeck, 239.
Tests of Concrete Columns with Cast-Iron Core. L. J. Mensch, 22.
Test of a Thin Flat Concrete Dome Reinforced Circumferentially. W. A. Slater and C. R. Clark, 61.

Tile.

Manufacture and Sale of Concrete Roofing Tile. A. P. Tamm, 279.
Specifications for Drain Tile, 492.
Test of a Thin Flat Concrete Tile Dome Reinforced Circumferentially. W. A. Slater and C. R. Clark, 61.

Unit Construction.

Unit Construction in Concrete. J. E. Conzelman, 148.
